

DIXON COUNCIL #690

506 W. Third St.
Dixon, Illinois 61021

The following resolution was adopted by Dixon Council #690 at its regular meeting on November 21, 2011.

Whereas, the Illinois Council of the Knights of Columbus charges a per capita fee on each council, excluding college councils, in the State of Illinois; and

Whereas, this fee is levied on each council based on the number of its members, excluding Honorary Life Members and those members with a dues waiver based on disability; and

Whereas, the aforementioned exclusion is based on the fact that the excluded members are exempt from paying council dues; and

Whereas, the fee levied does include those members who are listed as inactive because they are insurance members, but have been suspended or withdrawn from the council and no longer pay council dues; and

Whereas, amendments to the By-Laws may only be offered by written resolution of a member Council; therefore,

Resolved, Dixon Council #690 offers the following amendment to replace the current Section 1 of Article VII of the By-Laws:

“The State Per Capita Tax shall be spread upon each Council of the jurisdiction based upon the membership of each council as shown by the records of the Supreme Secretary’s office for the month of April each year, excluding Honorary Life, Disability Waiver, and Inactive Members.”
